

Engineering Water for the Future of Clean Energy & Semi-conductors

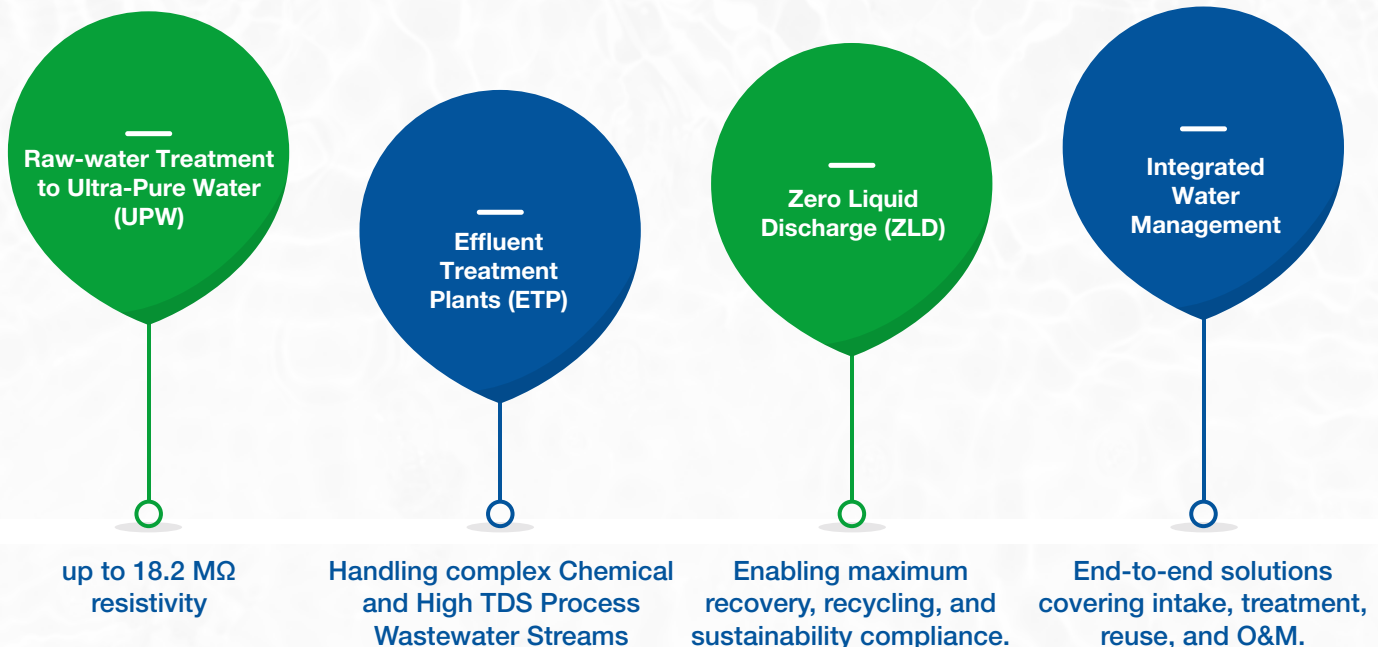

WABAG.COM

VA TECH WABAG LIMITED
PURE PLAY WATER TECHNOLOGY

Comprehensive Water Solutions – Designed for Reliability, Purity & Sustainability

Water is the lifeline of PV Solar and Semi-conductor industries – from achieving the highest purity for manufacturing to ensuring sustainability through responsible wastewater management. At WABAG, we deliver end-to-end water solutions tailored for these industries, helping clients focus on their core manufacturing, while we ensure water reliability, efficiency, and compliance.

Our Value Proposition for PV Solar & Semi-conductor Industries

O&M Advantage – Your Core, Our Commitment

Your core is manufacturing. Our commitment is to ensure water never disrupts it.
With **long-term Operation & Maintenance (O&M)** expertise, WABAG ensures:

- **Continuous and reliable water supply** for mission-critical processes
- **Optimized operations** for efficiency and cost savings
- **Sustainability compliance** without burdening your team

At WABAG, we believe that **pure water powers pure innovation.**

As you lead the way in clean energy and advanced technology, we partner with you to deliver purity, reliability, and sustainability – today and into the future.

WABAG – Water Technology Partner for the Next Generation of Industries

Our Experience & Capabilities

- **Technology Expertise:** Advanced engineering in UPW, ETP & ZLD tailored for high-purity and high-reliability operations.
- **Proven Performance:** Delivered **UPW plant at QSTec, Qatar** for a polysilicon cell facility, achieving **18.2 M Ω** – aligned with global semiconductor standards.
- **Large-Scale References:** Executed **India's largest ZLD** for NMDC and Currently executing and operating complex ETP & ZLD projects in India, South East Asia, Russia, GCC, Africa and Europe

Why WABAG

Over
100 years
of water
expertise

Global
leader with
presence in
25+ countries

Flexible
engagement
with **trusted**
vendor
ecosystem

Strong O&M
capabilities
ensuring
uninterrupted
operations

sustainable solutions. for a better life.

WABAG Group

VA TECH WABAG LIMITED, an industry leader in total water management, carries a legacy of over 100 years. As a pure-play water technology multinational, WABAG operates across four continents, delivering a diverse range of solutions to address critical water and environmental challenges worldwide. Aligned with the UNSDGs and ESG principles, WABAG emphasizes conservation, optimization, and resource reuse, positioning itself as a trusted partner for sustainable and liveable futures. With a proven track record of over 6,500 successfully executed projects globally, WABAG has consistently delivered quality while adhering to deadlines.

Employing around 2,000 water professionals across 25 countries and touching millions of lives daily, WABAG provides comprehensive technologies and services for Total Water Solutions in both municipal and industrial sectors.
